MESSAGE

‘Bismillahir Rahmanir Rahim’

Chittagong Dry Dock Limited (CDDL) a state owned limited company (formerly an enterprise of Bangladesh Steel & Engineering Corporation) came into commercial operation in 1985. It is an ISO 9001- 2008 certified shipyard which provides regular and emergency repair facilities to both national and international vessels. Besides, it also constructs heavy steel structures for various steel infrastructures. CDDL is a versatile and prolific company which offers a wide spectrum of services in maritime industrial sectors in Bangladesh

CDDL was handed over to Bangladesh Navy (BN) by the Honorable Prime Minister Sheikh Hasina on 23 December 2015. The Board of Directors comprises of eminent scholars and professionals from all spheres of the society. The performance of present management and workforce demonstrates the spirit of dedication, hardworking and commitment to fulfill the customers’ satisfaction. The dynamic leadership quality of the Board of Directors in line with the vision is instrumental for its positive growth. Keeping pace with rapidly changing global market and economic environment, it is a critical challenge for CDDL for attaining progressive development for sustainable growth. Amidst all challenges, CDDL remains firm and resolute to its core values, principles and focused on quality, timeline and customers’ satisfaction.

CDDL today stands assertively to meet evolving challenges under incumbent leadership of BN. CDDL intends to expand further with the support of its clients, partners and key stakeholders. Its new initiatives for building naval and commercial craft would elevate its position to a greater height. Innovation takes its cardinal priority. The attention and interest we are receiving from international arena are commendable and profusely acknowledged. I am confident that our continual effort and constant attention will create better working environment and generate extensive business opportunities in future.

CDDL would expose as a confluence of innovation, R & D and intends to be an ideal platform for the professionals. It offers immense benefits, promotes values and provides its associates with a stimulating, pleasant and great place to build career. I hope you will find CDDL is not only a shipyard; it desires to emerge as a capacious shipbuilding industry.

We intend to devote full potentials towards achieving our goal to become the leading shipbuilding company in Bangladesh. We will continue to strengthen our business portfolio and secure progressive growth along with our partners. We are grateful for the support and cooperation of all concerned. Our concerted initiative would grow CDDL to live up with its glory, honour, pride and dedication to fulfill the nation's expectation in upcoming days.
